With the Fall River Cotton Manufacturers Association flatly refusing to grant a wage increase of 25 per cent. to certain branches of operation in the mills, and with the officials of the United Textile Workers of America determined to start in that city a fight for a general readjustment of textile wage scales, the situation is acute.

CANTON DEFERRED

Mrs. Marcelle Morse Standley, an aged resident of Canton, passed away Friday morning after an illness of four months, caused by a fractured hip. Mrs. Standley was born in Milan, N. H., on April 30, 1840, the daughter of Nathan and Abbie Evans Morse. She married William Francis Standley who passed away in 1914. Mr. and Mrs. Standley lived in Canton forty-one years ago, when Canton Steam Mill was built at Cantonville, and where Mr. Standley was millwright for many years. They reared a large family. Those living are Thomas Standley, who works at Ben's, Mrs. Abbie Barker and Mrs. Anne Lowell of Orlinville, Charles and Fred who live at home and Mrs. Alice of Minot Corner. The deceased was Mrs. Francis Dority, William, Nathaniel and George. She is also survived by four grandchildren, Fred Lowell of Canton, Mrs. Hattie Cushman of Auburn, Oscar Dority of Mapleton, and Raymond Standley of Ben's, and three great-grandchildren. Mrs. Standley was devoted to her home and was a kind neighbor, who will be much missed. The funeral was held Monday and the interment was at Canton Point Cemetery.

The Bates College Glee Club gave a fine entertainment at the Opera House, Thursday evening, and a dance followed.

James A. Reynolds has sold out his drug store to John Lindley, who takes possession this week. This store was owned and run by Nathan Reynolds for about 35 years and since his death six years ago by his son, James Reynolds. Mr. and Mrs. Reynolds plan to sell their store and go to Massachusetts to reside. Many friends regret their departure.

Another change in town is the sale of the "brick store," which has been a landmark since the early settlement of Canton. Emory Jones of New York purchased this store of Mrs. Estelle Fletcher of Waltham, Mass. It was built by Otis Hayford, Sr., who was in trade for a number of years. Later it was sold to Pura Bradford, who was in business there for a long period of years. Eugene Ellis was taken to Portland last week to consult a child specialist.

Mrs. Melissa Tracy is ill with bronchial trouble.

Judge Moulton of Burlington, Vt., reserved decision on a motion to set aside the \$465,000 verdict awarded to Mrs. Dorrit Stevens Woodhouse by a jury in an alienation suit brought against her parents at law, Mr. and Mrs. Lorenzo E. Woodhouse of New York and Burlington, it was intimated that no decision would be rendered for at least a month.

A bombshell has been exploded in Vermont by the statement made by Ralph H. Walker, superintendent of the state prison and the house of correction at Windsor, that the institution is neither "safe nor sanitary." On top of this assertion is the claim that the prison is a menace to the state as a school for the education of criminals, in that no attempt is made to classify offenders and young boys, 15 and 16 years old, are thrown in intimate contact with long-term men who are well schooled in the ways of law breaking.

The village of Smith's Mills, on the shore of Sebago Lake, Me., will be sold at auction soon. The little industrial section was taken over by the Portland water district to protect the water supply from the lake. Before the district takes possession March 1, the buildings will be sold. They include nine two-family houses, a boarding house with accommodations for 15, a public hall, two single frame houses and a large stable, also several smaller buildings used for manufacturing purposes by the E. I. Du Pont de Nemours Company.

A number of changes in Vermont laws to bring about better social conditions in the state are being advocated in members of the new Legislature. Among these changes are included giving authority to the judges of the probate court to investigate adoption, making the age of consent of girls 15 instead of 16 and their age of majority 21 instead of 18 making desertion a felony rather than a misdemeanor in the state, and giving the state more authority over poorhouses in their capacity as placing out agents for children.

Recommendations of its legislative committee for better protection against fire, disease and forest diseases will be heard at the annual meeting of the Maine Forestry Association, in Augusta, Jan. 28. Many timber land owners will attend. E. K. Carter of the U. S. forest service and H. B. Morse of the Maine Forestry Association will talk on fire protection. Safeguards against the spruce budworm and other forest pests will be discussed by F. C. Craighead of the Canadian government. A widely known entomologist, Prof. Woodward of New Hampshire College, will tell of the co-operative work in forestry done by that college and the Vermont owners.

HELP WANTED IN BETHEL

And Furnished By the Help of Bethel People

Those who suffer with kidney backache, urinary ills or any little kidney or bladder disorder, want kidney help. Who can better advise than some Bethel resident, who has also suffered, but has had relief. Bethel people recommend Doan's Kidney Pills. Here's one case and there are many others.

D. B. Hall, farmer, Hall St., Bethel, says: "I have always received good satisfaction through the use of Doan's Kidney Pills and recommend them to anyone in need of a reliable kidney medicine. In my line of work, I have a good deal of stooping and straining work and it's hard on the back and kidneys. My back at times has ached so I couldn't keep on my feet and I had to go and sit down to rest. My kidneys acted irregularly. Whenever I feel any of these symptoms coming on, I go to Bowdoin's Drug Store and get Doan's Kidney Pills. I use them until the trouble leaves."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hall had. Foster-McIlburn Co., Mfrs., Buffalo, N. Y.
